REWARDING FLIGHT YOU'LL EVER MAKE

saving the lives of innocent animals

Pilots N Paws is an online meeting place for pilots and other volunteers who help to transport rescue animals by air. The mission of the site is to provide a user-friendly communication venue between those that rescue, shelter, foster animals and pilots/plane owners willing to assist with the transportation of these animals.

A general aviation transport requires just 1 pilot volunteer and is far more efficient and dependable than time consuming ground transportation for animals who are often in danger of euthanization. Volunteer pilots retain complete authority of their planning and flights and can give as much or as little time as they like.
